SUMMARY

Software developer building and maintaining production applications and operational tools. Experience includes Python automation, Node.js APIs, SQL databases, Docker and improving existing systems.

TECHNICAL SKILLS

Development: Python, TypeScript, JavaScript, Node.js, Express, REST APIs, React, Next.js

Data and tools: SQL (SQLite, PostgreSQL, MySQL), MongoDB, Docker, Git, Linux

Additional: C#/.NET, PHP/Laravel, Java (academic), AI-assisted development

PROFESSIONAL EXPERIENCE

Sanmina Corporation | Test Technician (Software-Focused) | Feb 2025 - Present

- Built TIMEGATE, an offline attendance application for 45 employees and approximately 90 daily events, using Next.js, TypeScript, SQLite and C#/.NET.
- Validated additive SQLite migrations on a mirrored test kiosk; no production data loss reported.
- Co-developed daily Python backups for images, logs and reports from approximately 40 inspection stations.
- Co-built a production maintenance application for 13 machines, approved by the Kaizen committee.

Litoprint | IT Technician / Application Support | Sep 2024 - Feb 2025

- Maintained a PHP/Laravel application used by 25+ employees, resolving defects through reviewed pull requests; supported SQL administration and scheduling applications.

PROJECTS

Curso Jupyter Notebook | University course platform

- Deployed a React/TypeScript and Node.js/Express learning platform used by students, with role-based administration, MongoDB Atlas and Cloudflare R2 video delivery.
- Implemented email verification, JWT and protected routes; fine-tuned Qwen3 for Jupyter exercises with Claude Haiku output post-processing.

github.com/Pepisxd/jupyter-course

Pediatric Clinic Management System | University project

- Developed appointments, medical records and role-based workflows with React, Python and SQL.

EDUCATION & CERTIFICATION

Computer Science Engineering | University of Guadalajara (CUCEI)

Coursework completed June 2026 | Degree conferral expected November 2026

IBM Full Stack Software Developer Professional Certificate, Coursera | October 2026

Languages: Spanish (native), English (B2)
